Comments: _____

Subject to all terms, conditions, and provisions shown on this form or attachments, permission is hereby granted to the above-named application to perform the work as described.

Franklin County Road Department Representative

Date

COPY OF PERMIT MUST BE PRESENT AT WORK SITE DURING CONSTRUCTION

1. A deposit, in an amount to be determined by Franklin County, shall accompany this application. If proper repair is made and accepted within ten (10) days, the deposit will be refunded. If proper repair is not completed within ten (10) days, Franklin County will make the repair, the deposit will be forfeited, and any additional costs will be invoiced to the applicant. A non-refundable administrative fee in an amount to be determined by Franklin County shall also accompany this application.
2. All utilities must be installed under culverts.
3. During the progress of the work, such barricades, lights, and other traffic control devices shall be erected and maintained as may be necessary or as may be directed for the protection of the traveling public. Said barricades, lights, and other traffic control devices shall conform to the current issue of the *Manual on Uniform Traffic Control Devices for Streets and Highways*. Parked equipment and stored materials shall be as far from the travel way as feasible. Items left overnight within 30 feet of the travel way shall be marked and/or protected.
4. In accepting this permit, the permittee, its successors and assigns, agree to hold Franklin County harmless from any and all liability on account of the erection, installation, construction, maintenance, or operation of the facilities located under this permit.
5. Any disturbance of the traveled surface of the road and/or traffic control devices shall be restored to the satisfaction of Franklin County. The permittee shall be responsible for proper pavement cut, excavation, backfill, compaction, and asphalt repair. Asphalt repair shall be in accordance with the standard provisions set forth in the highway standards and development procedures for Franklin County.
6. If the work done under this permit interferes in any way with the drainage of the highway, the permittee shall wholly and at their own expense make such provision as Franklin County may direct to take care of the said drainage.
7. On completion of said work herein contemplated, all rubbish and debris shall be immediately removed and the roadway and roadside shall be left neat and presentable to the satisfaction of Franklin County.
8. All of the work herein contemplated shall be done to conform with current government and industry standards, under the supervision and to the satisfaction of Franklin County, and the entire expense of said supervision shall be borne by the permittee.
9. Franklin County hereby reserves the right to order the change of location or the removal of any structure(s) or facility(ies) authorized by the permit. Said change or removal shall be made at the sole expense of the permittee, or its successors and assigns.
10. All such changes, reconstruction or relocation by the permittee shall be done in such a manner as will cause the least interference with any of Franklin County's work.
11. This permit shall not be deemed or held to be an exclusive one and shall not prohibit Franklin County from granting other permits or franchise rights of like or other nature to other public or private utilities, nor shall it prevent Franklin County from using any of its roads, streets, or public places or affect its right to full supervision and control over all or any part of them, none of which is hereby surrendered.
12. Franklin County may revoke, amend, amplify, or terminate this permit or any of the conditions herein enumerated if permittee fails to comply with any or all of its provisions, requirements or regulations as herein set forth or through willful or unreasonable neglect, fails to heed or comply with notices given, or if the utility herein granted is not installed or operated and maintained in conformity.
13. The permittee shall maintain, at their sole expense, the structure or subject for which this permit is granted.
14. Adequate drawings or sketches shall be included, showing the existing and/or proposed location of the facility with respect to the existing and/or planned location of the highway improvement, the traveled way, the rights-of-way lines, and, where applicable, the control of access lines and approved access points.
15. If trench or pavement settlement should occur within one year (three years for PUC-regulated utilities) from the date of installation, repairs shall be made by the permittee as directed by Franklin County at no cost to Franklin County. If the permittee fails to make the necessary repairs, Franklin County will make the repairs and invoice the applicant and/or responsible party. No new permits shall be issued to the permittee until such claim has been settled.
16. No work shall be started until an authorized representative of Franklin County has given notice to the permittee to proceed. The permittee shall notify Franklin County to schedule a time for road closure and opening. If the work will prevent emergency traffic from traveling through, the emergency services must be notified.
17. A bond in the amount of \$ _____ is required for the protection of Franklin County as set forth in the terms of the bond.
18. Any replacement of, addition to, or change in the facility granted by this permit shall require a new permit prior to initiation of such work.
